

Get Paid Faster – Submit Your invoice on the Ariba Network:

If you want to be paid on time we strongly encourage you to use the Ariba Network when submitting invoices to Adobe. Ariba is the preferred cloud used by Adobe for PO's and invoices.

Depending on the way that the PO from Adobe has been sent to you please use one of the below guides in order to submit your invoice to Adobe.

- How to submit a Light Enabled electronic invoice to Adobe.
- How to submit an invoice to adobe on the Ariba network.
